<https://www.mediafire.com/file/1gkw5crkm6ntq8y/data2022-w101.2/file>

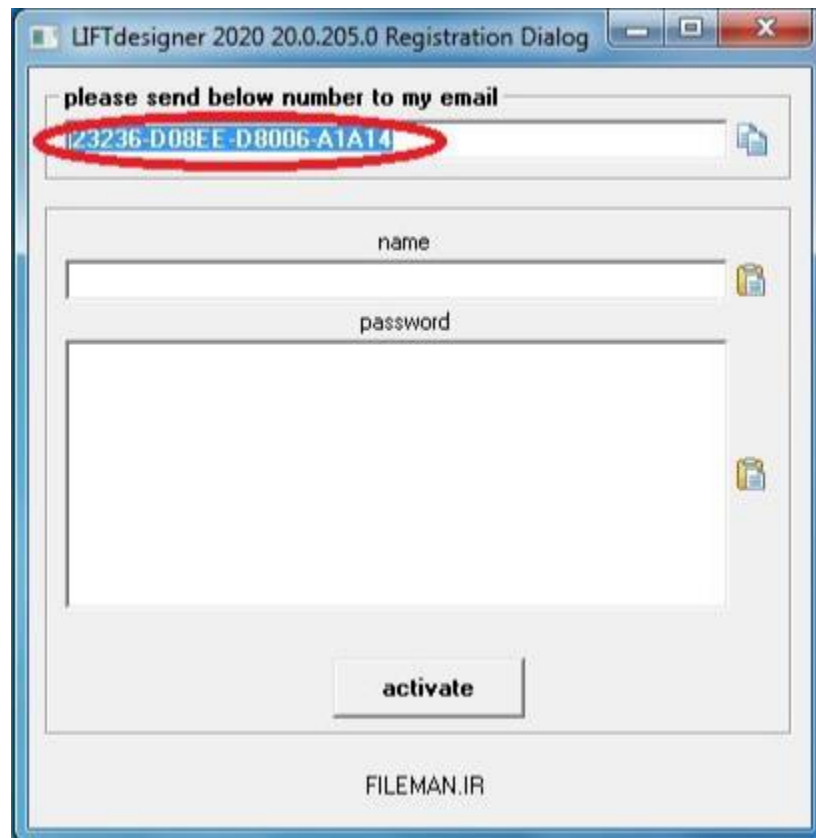

**setup steps:**

1-Disconnect the Internet

2-Run the DigiParaLiftdesigner\_22\_00\_0285.exe file .  
After the installation is complete, close the application.

3-Run the code-id22.exe file.

4- a window containing a number is displayed:

5-Email the number to [aliopw1@gmail.com](mailto:aliopw1@gmail.com) for the final password to be sent by the administrator.

If you fail to install, send the anydesk code of your system so that we can install it for you.

(AnyDesk is a remote control software.)

Enjoy the app
